Good question Tom, we will just wait to hear from Jarred and Javier if 4pm EST this Wednesday will work for them and then I will send an email to confirm.

Thanks!

Agreed, good by me. Who confirms this change in our schedule?

Good morning,

I have another call from 3-4 EST/12-1 PST. Any chance everyone could push this call back by 30 minutes? If not I understand and will keep this appointment, as it was made first.

Thanks!

Thanks, someone once said that good timing is the key to success in life, so we're on track! We'll review the itinerary and discuss during the call.

Hi John,

Thank you for suggesting the call. Believe it or not, we just had a management meeting the day before to discuss your visit and I was going to call you to suggest the same. Also, in case you have not heard, Tom Ford, our Marine Program Director was just appointed as our ED by our Foundation Board last Monday. So the revised timing of your visit turned out to be perfect and both he and all of us are excited (and relieved) that you will have chance to get acquainted with our new leader.

I just checked with Tom of his schedule. We both are available at the time you suggested. Attached is an updated itinerary we would like to discuss with you during the call. Meanwhile, please include Tom in future e-mail communication of this group.

Thank you and looking forward to talking to you all next week.

Hi –

I'd like to schedule a conference call to discuss the SMBRC PE package and the site visit. The best time is Wednesday July 21, from 3:30 – 4:30 pm eastern time. Jarred and Molly are available, Guang-yu and Javier are you available? Please let me know at your earliest convenience. Thanks!

John
